***It wouldn't look  
this cool next  
to a tricycle...***

**Storage + Ownership**

The chrome, the roar of the motor – every inch of your ride screams cool. Too bad it's sharing a stable with your daughter's pink trike. It's time to reclaim what's yours. Give both loves of your life the space they deserve with Garage Plus' customized, off-site garages. If you can drive it, we can store it.

Designed to your needs, for your chopper.
